\*\*\*\*\*

**Did you know ...** that 16<sup>th</sup> October is World Food Day? One in four children in the world under the age of five is *stunted*. This means 165 million children are so malnourished they will never reach their full physical and cognitive potential. Good nutrition depends on healthy diets. Healthy diets require healthy food systems - along with education, health, sanitation and other factors. And healthy food systems are made possible by appropriate policies, incentives and governance. Please join CAFOD's *Hungry for Change* Campaign and bring about an end to hunger. Take action at [www.cafod.org.uk/hungry](http://www.cafod.org.uk/hungry)
