**Did you know ...** despite living in an area rich in diamonds, many people in the Kenema district of Sierra Leone don't have enough food? Sierra Leone is one of the lowest-ranking countries in the world for life expectancy, access to education and standard of living. CAFOD works in partnership with Caritas Kenema, alongside some of the poorest women and men, helping them provide for themselves all year round by growing crops on former swamp-land. CARFOD is addressing food insufficiency thanks to your support, restoring confidence and building a positive way forward.
