**Did you know ...** with CAFOD, each new project, each small donation, each campaign action, each trained person and each inspirational volunteer has an impact far beyond what you might expect? In Kenya last year, CAFOD trained 40 people to speak up for their rights. They demanded clean water and the local government responded by laying a new water pipeline serving 5,000 people. That's the ripple effect of international development! Thanks to your faithful support, CFOD is working to ensure that this continues to spread in the years ahead.
