Did you know how effective your support of CAFOD is? Last year, with your help, CAFOD supported partners in 20 countries reached 90,575 households with a focus on food security and 33,863 with a focus on small enterprises. Moreover, 18,163 households across 13 countries reported improved livelihoods last year as a result of an increase in *food, income or other assets* due to CAFOD programmes. It is amazing to realise that putting our faith into action leads to transforming so many people's lives. This is our strength. Thank you for your steadfast partnership.
